No substitutes may directly benefit from unused accreditations. The functions of a judge and gymnast cannot be combined with any other function.

Maximum Delegation Size

Maximum size of each delegation, as per European Gymnastics Accreditation Rules.
All federations are entitled to participate with either a team composed of 3 to 5 gymnasts, or a maximum of three (3) individual gymnasts.
**MAG Senior Teams have the option to bring one further individual apparatus specialist gymnast.

The cost for additional accreditations must be paid directly to the LOC.
The invoices for the amounts to be paid to European Gymnastics and to the LOC will be available for download on the Gymdata registration platform after submission of the nominative registration. Please immediately download these invoices when submitting your nominative registration.

Accreditation Application Process

Each National Federation (NF) will be invited to submit the accreditation details for each member of its delegation in accordance with the instructions provided by the Local Organising Committee (LOC).

Detailed instructions, including the downloadable accreditation forms and submission guidelines, will be distributed to each NF by the LOC prior to the start of the accreditation application process.

The accreditation documentation must include full personal details for each delegation member (e.g. full name, date of birth, nationality), the appropriate functional role (e.g. Athlete, Coach, Doctor, Team Official), and a digital photograph meeting the specified technical requirements.

The photograph must follow the same requirements as for a passport:

- It must be in **colour**, should be a recent and an accurate likeness of the applicant and must not have been altered in any way
- It should be a **front view of the applicant's face, head and shoulders (facing forward and looking straight at the camera)**; hats, hair bands or dark glasses must not be worn.
- It should show the full head, without any head covering, unless worn for religious beliefs or medical reasons
- With a neutral expression and with the mouth closed
- With eyes open and clearly visible (no sunglasses or tinted glasses and no hair across the eyes)
- No objects, other people or shadows in the photo
- The **background must be plain and light colour, preferably white** but light blue and light grey will be accepted (NO black, dark blue, red etc.)
- Be clear and in sharp focus
- Be taken within the last 6 months

Photograph technical requirements
The photograph must adhere to the following requirements:

- JPG format ONLY
- Be vertical orientation
- Have adequate space between face/shoulders and the edges of the photograph
- Should have a minimum size of 100KB and maximum of 2MB
- The face should be at least 300 pixels wide

The accreditation submission window will open on 28 February 2027, and details must be entered for all participants **no later than 30 March 2027.** This includes applications for accreditation of additional coaches, paramedical staff and guests for whom the NF will assume the participation costs, as described above.
All completed forms must be received by the LOC no later than the published deadlines.

Please consider: If photos will have to be taken at the accreditation desk (because they were not sent within the deadline/in the correct format) **EUR 50.00** will be charged for each photo.

All data submitted by NFs via the LOC accreditation platform is subject to the approval of European Gymnastics.
The European Gymnastics Accreditation Rules will be strictly applied, notably as far as the number of accreditations per federation is concerned. No further accreditations may be issued. Any additional person is considered a spectator and must buy entry tickets.

Accreditation cards will not be delivered unless all financial and insurance obligations have been successfully completed.

In addition, each NF **must also** register on the **European Gymnastics GymData Online registration system** by the stated entry deadlines for Definitive & Nominative entry (see Point 7).

9. JUDGING

Each participating National Federation has the obligation to nominate judges in accordance with the number of gymnasts (see section 5).

Note: the D1 judges are considered European Gymnastics' Judges and are not part of the judge's quota of their federation.
A NF who is drawn in a D2 position will, as a result, only be entitled to send ONE / NO judge for inclusion in the E-Panel draw of that competition (the number of judges depends on the number of gymnasts the Federation have competing).

If a NF does not enter a judge or comes with an insufficient number of judges, European Gymnastics, in line with the Technical Regulations, may request payment in the sum of EUR 2'500.00 per missing judge.

All judges must have a current valid WGYM brevet and category, for their function **according to WGYM Judges rules at the time of the event.**

Whilst the presence of E-judges at the Official Podium Training is not mandatory, the MTC & WTC would strongly encourage all E-Judges to be present at Podium Training.

10. DRAWING OF LOTS

The gymnasts' drawing of lots will take place after the deadline of the Nominative Registration, **on 1 April 2027** and published afterwards.

The number of subdivisions depends on the number of participating gymnasts. The composition of subdivisions is decided by the drawing of lots among the teams and individual gymnasts.

The draw will start with the 6 (MAG) or 4 (WAG) highest ranked teams from the qualification competition at the European Championship from the previous year (or in exceptional circumstances from another competition to be decided by the EC following proposals from the MAG and WAG Technical Committees) **plus** the host NF, drawn in the final subdivision and placed horizontally across the apparatus working in Olympic order. The draw will continue with the remaining teams and individual gymnasts to complete the final Subdivision and then work its way back to Subdivision 1. As federations are drawn, they will be placed horizontally across the apparatus working in Olympic order. The draw will continue until all federations have been drawn.

11. COMPETITION FORMAT

The Qualification Competition will act as:
